Official Verbatim Report

**The Speaker:** he has already explained to us that he is not ready. So I have directed what to do tomorrow. Next Order.

**The County Assembly Clerk:** Order No. 7, Statements

**The Speaker:** Any statement? Next Order.

**The County Assembly Clerk:** Order No. 8 Motions and Bills. Motion on approval of the committee report on pro-poor and Community Development infrastructure programs. Chairperson committee on Administration and Coordination of County Affairs.

**The Speaker:** Chairperson (*laughter*) what is going on?

**Hon Kinyala:** Thank you Mr Speaker sir. I think it is still in order to have this particular motion appear on our today's order paper because according to the program of last week concerning today's business, it wasn't indicated in the afternoon session.

Mr Speaker sir, I would like to take this opportunity to inform the house that the matter was disposed off on Thursday afternoon when the paper for the week schedule laid in the Assembly.

But since I did not get opportunity to thank the members for what they did on Thursday, I can still take this opportunity to thank them.

Mr. Speaker sir, though that we disposed of the matter on Thursday, I would like to appreciate members for the good contribution they gave to the house. I also wish to inform the house that; immediately after we disposed of the issues, I understand the executive has already started rolling the programs out especially the pro-poor program and any time soon, am informed that the pro-poor program people might be moving to our wards and distribute bursary form.

Therefore Mr Speaker, I just want to say that we have solved the matter and once again, I want to appreciate the members for the excellent work which they did. Thank you Mr Speaker sir.

**The speaker:** All right. That brings us to the end of our today's order paper, but tomorrow I don't want anybody to deviate from the program. In the morning we will have the paper laid (CIDP). I want the paper laid, notice of the motion given and in the afternoon we can dispose of because we have been with the bill. In fact you know more about it than those who prepared it. I believe because you have gone through it many times, you have turned it upside down.

The other bill I want to make sure we sort it out this week is the Villages Bill. In fact you require only five minutes to pass it because we have done what you wanted to do with it.

There will be no point of wasting time debating on something which you have gone through over and over through Kamukunji, through consultation, through discussion until you arrived a consensus.

This Bill is more of your Bill than a Bill for the Executive and therefore, I expect you to take the minimum time to pass it, either tomorrow afternoon or Thursday afternoon, not beyond that.

With that, we have come to the end of today's order paper. I would like to see honourable members alone. Immediately after this, remain seated, I will return to address you informally. There is some information I want to pass to you.

*(Members rose in their places)*

Honourable members, the house now stands adjourned until tomorrow at 9:00 AM.
