#### **Honorable Members,**

As you are all aware, during the today's morning sitting, I promised to give a ruling and directions on the aforementioned matter.

The Motion in question was negatived, despite the substantial issues raised during debate. The issue and concerns raised by Hon. Members include *inter alia*:

1. The mode of payment used to pay the youth and women, how much was paid or was to be paid per person and the total money spent on the bush clearing exercise.
2. The environment under which the youth and women were subjected to during the bush clearing exercise.

3. The procurement process followed to award the tenders to the contractors who were given the bush clearing works and why the civil servants were used to supervise the same work awarded to the contractors.

**Honorable members,**

My Office is still consulting further on the matter and I defer the ruling to tomorrow in the afternoon.

**THANK YOU**

**HON. EMERITUS K. MUSYA**

**DEPUTY SPEAKER OF ASSEMBLY**
